

"BACKTOTEK"

P. Luigi

Yeah oh my...
Where's my good feeling now?
Good feeling now?
I gotta make it..
This peace is so fragile
So, I can't know...
Good feeling now, good feelin' now.

I wasn't sure that I had a plan..
I knew/know so much..
Of so little.
I am completely blinded..just..
Completely blinded..

And if only, yeah but if only..
For this glimmer of light.
Maybe it's worth it..
Shadows and darkness in which I will.
Always be threading
This shadow in darkness, in wish I am..

This is not for me.
Hitting's not for me.

The blood that you gave
& The sweat that you poured..
It's the blood that you gave
The loving sweat that you poured..

Humanity~
I gotta make it, cuz this peace is so fragile

Let me throw down
Let me throw down
Let me throw down
Please let me throw down.

I got nothing to lose
I got nothing to choose..
No I don't got it..
Cuz I ain't got.

The blood that you gave
& The sweat that you poured.
